Superintendent: Butch Donalley

Water Clerk: Ronda Illig

330-427-6720 (office)

330-427-8087 (plant)

We are asking that the residents conserve water. When watering gardens and filling pools please don't turn the hose on all the way, only use half flow. When filling pools turn the hose on half and do the most of the filling over night. This will help in not stirring up the system. We have had a lot of strain on the water wells with high demand keeping the water system stirred up. The weekends seem to be the worst, this is when most residents are home and using the most water.

As a reminder we no longer give a pool fill credit for sewer.
