We would like to let you know that our ebills and epay on line is up and running. You can go online and pay your bill as an unregistered customer or you can register and receive your bill on line also. To access our web site you can go to leetonia.viewmybill.net or leetonia.org click on water and sewer and go to the link to online bill pay. If you have any questions please call Ronda or Yvonna at the water office 330-427-6720 and we will be happy to help you register or pay online.

We would also like to remind you that we can now accept credit card payments in the office or over the phone. We accept Visa Card, Master Card, and Discover Card.

I would just like to say after several months the number of customers using this service has been a great show of support. The purpose of the online billing is to make bill paying more convenient for our

customers. We would like to get more customers signed up for ebills. Remember the ebill goes to your email account you can sign in and print your bill or simply save it to your computer. Just because you sign up for ebills does not mean you have to pay online. But it does mean that I will be sending you an ebill and you will not receive a paper bill any longer.

Those of you using the ebill program I would like to hear from you on how user friendly it is and if you would like to see anything changed to make it easier to use.
