Dear Clients:

Enclosed you will find the new price list for 2022 and our laboratory hours and closings for 2022.

Please note that some of our pricing has changed. This has been due to the rising costs over the past couple of years and those imposed by our outside laboratories.

We are also changing the pricing for after-hours or weekend testing:

All customers will be charged a flat fee of \$20.00 for after-hours or samples to be processed on a Friday or Sunday. For samples needing processed on a Saturday or scheduled holiday, the fee will be \$40.00.

This fee is in addition to the cost of the testing.

**Thank you for being a valued customer!
We look forward to serving you in 2022 and beyond.**
